& no mess left

Licensed, high quality,
safe & guaranteed work

Local with excellent,
friendly reputation

What work should an
electrician perform?

Every home should
have a safety switch

Does your switch-
board need upgrading?

QLD Electrical Licence Number 53471

NOT SAFE

Repair any electrical appliance

Replace a power point or light switch

Change any pre-existing electrical wiring

Install your own electrical wiring

Change a plug on a lead

SAFE

Reset a safety switch or
circuit breaker

Changing an electric light
bulb or tube

Replacing a fuse?
(...time for a switchboard
upgrade?)

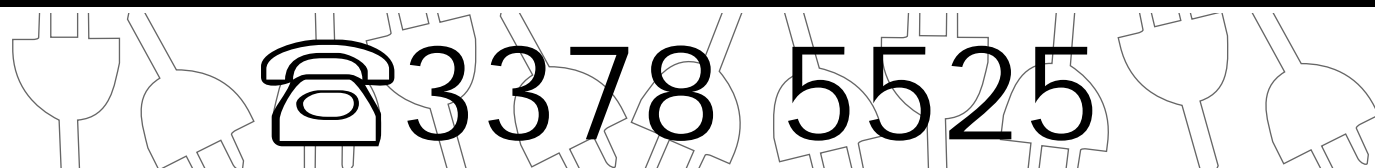

Changing a starter in a
fluorescent light fitting

**If you are performing any tasks, ensure electricity is turned off and
take EXTREME CARE**

**Electricians are trained to assess the RISK of a task and ensure
SAFETY – please call Rob Buchanan Electrical for assistance**
